

Refrigerators

-
- A:**
Product drying performance, measured from A+++ to D / G depending on the product family
-
- A+:**
Energy efficiency class A+ helps to save up to 10% energy compared to class A. Maximum performance with minimum consumption is guaranteed.
-
- A++:**
Energy efficiency class A++ helps to save up to 20% energy compared to class A. Maximum performance with minimum consumption is guaranteed.
-
- D:**
Product energy rating, measured from A+++ to D / G depending on the product family.
-
- Fingerprint proof stainless steel:**
Fingerprint proof stainless steel keeps stainless steel looking as good as new.
-
- LCD display:**
to show programmes, functions and options selected and the time to the end of the cycle.
-
- LED display:**
to optimize performances and simplify the maximum use.
-
- Snowflake:**
For Ovens: With the switch on this symbol, no heating is possible even if the thermostat is turned. For Refrigerators: The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.
-
- Noise Level:**
Excellent insulation and special devices keep noise to a minimum.
-
- Fast freezing:**
The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.
-
- LED interior lighting:**
is a more energy efficient and long lasting way of illuminating the interior of the appliance.
-
- No Frost:**
The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
-
- Power saving mode:**
The power saving mode allows you to disable the refrigerator and keep the freezer working.
-
- Air plus:**
keeps food fresher for longer.
-
- Multizone:**
Multizone compartment can be used as a refrigerator or a freezer compartment. Depending on your needs and eating habits, you can select settings, program the temperature using.
-
- e Economical mode:**
Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.
-
- 0°C Life Plus 0°C:**
The temperature in the Lifeplus compartments is kept at 0°C, which preserves fresh meat and fish longer.
-
- Ventilated:**
Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.
-
- SMEG500:**
To avoid damage to the surface of the appliance, do not overturn the bonnet and do not place other objects on it. Improper use may cause damage to the appliance.
