Functions

A+:

Energy efficiency class A+ helps to save up to 10% energy compared to class A. Maximum performance with minimum consumption is guaranteed.

Snowflake:

For Ovens: With the switch on this symbol, no heating is possible even if the thermostat is turned. For Refrigerators: The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

Ventilated:

Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

LED interior lighting:

is a more energy efficient and long lasting way of illuminating the interior of the appliance.
